ORDER DEADLINE: Tuesday, April 1, 2014

INSTRUCTIONS:

Each year we have expanded our selection of superb native plants! *For 2014 choose from among* (**A**) **10 TREES**, (**B**) **20 SHRUBS**, *and* (**C**) **25 PERENNIALS**.

To order, please mark your choices below and complete the Advance Order Form: add up number of plants in each category; multiply by per-plant price; and enter the total amount of your order on the last page. In calculating the final "Amount Due," please add 7% New Jersey Sales Tax where indicated. **Orders must be pre-paid by check or money order payable to "U.U.C.S.J.S."** (preferred method), **or in cash**, by or before **Tuesday, April 1, 2014**. Advance Order Form may be dropped off at the Social Justice table in the lobby of the UU Center on Sunday mornings, or you may mail your completed form with your payment to: **U.U.C.S.J.S. Native Nursery-Grown Plant Sale**, PO Box 853, Pomona, NJ 08240. *Thank you for your order!*

➔ This year, **TREES** and **SHRUBS** are priced by **CONTAINER SIZE**, as follows: **#1 container**, $13.00 (6" diameter x 7" deep); **#2 container**, $17.00 (8" diameter x 9" deep); and **#3 container**, $24.00 (10" diameter x 11" deep). **PERENNIALS are priced individually**.

Some plants listed below may not be available due to loss during the growing season; also, quantities may be limited for some species.
Plants will be available on a first come, first served basis. *If your order cannot be filled, a full refund will be made.*

All native plants are genetically adapted for our area and provide food in the form of nuts, seeds, berries, fruits, leaves, pollen, and nectar that best meet the needs of butterflies and other pollinators, as well as hummingbirds and other birds and wildlife.

(A) TREES

Native trees are the keystone species in any functioning backyard ecosystem. When we think of planting a tree, however, we tend to think of "specimen" trees — a single tree surrounded by lawn. You can maximize environmental impact by planting groupings of trees with an understory of smaller trees and shrubs in tree/shrub islands, on edges, or along property borders.

KEY ***Plant beneficial to:*** Bd = bird, Hm = hummingbird, Bf = butterfly, BfHP = butterfly host plant, MHP = moth host plant, WL = wildlife, Po = pollinator

	Description		Size	Price per plant	Quantity	Amount
✳ **Serviceberry (shadbush)** *Amelanchier laevis*	Fast-growing, small understory tree, lovely white flowers bloom in very early spring, birds compete for edible red-purple berries in June, salt-water tolerant.	Bd, Po, WL	#3	$24		$
✳ **Pawpaw** *Asimina triloba*	Large shrub or small tree (15-30') appears tropical with simple, large leaves and 2-5" long oblong fruit. Prefers rich soils.	Bd, BfHP, Po WL	#3	$24		$
Hackberry *Celtis occidentalis*	Mid-sized tree, dark purple fruit a bird favorite, HP for 5 (!) Bf species: question mark, eastern comma, hackberry emperor, tawny emperor, and American snout.	Bd, BfHP, Po	#2	$17		$
Eastern redbud *Cercis canadensis*	Understory tree with distinctive heart-shaped leaves, blooms in early spring, pea-like magenta flowers grow from twigs, trunk, and branches, 10-30'	BfHP, MHP, Po, WL	#2	$17		$

(continued on following page)

KEY ***Plant beneficial to:*** Bd = bird, Hm = hummingbird, Bf = butterfly, BfHP = butterfly host plant, MHP = moth host plant, WL = wildlife, Po = pollinator

	Description		Size	Price per plant	Quantity	Amount
✳**Alternate-leaved dogwood** *Cornus alternifolia*	Small tree (to 25'), holds branches parallel to the ground (thus "Pagoda dogwood"), white flowers in May, 30+ species of birds feed on purple-black berries.	Bd, BfHP, Po, WL	#3	$24		$
Persimmon *Diospyros virginiana*	Mid-sized tree, simple, 6" lustrous dark green leaves, 1½" round, pale-orange berries turn ripe in late fall,l wildlife favorite, host plant for luna moths, 30-60'	Bd, MHP, Po, WL	#3	$24		$
Sweetbay magnolia *Magnolia virginiana*	Small, slender understory tree, large, showy, aromatic flowers, dark green leaves whitish beneath, unusual upright "cone" of red fruit, 10-30'	Bd, MHP, BfHP, Po, WL	#3	$24		$
Black cherry *Prunus serotina*	Host plant for 10 species of giant silk moths and 5 species of butterflies, provides berries for 70 (!!) species of birds. Blooms in late spring, berries in summer.	Bd, MHP, BfHP, WL, Po	#2	$17		$
✳**Willow oak** *Quercus phellos*	Oaks are the #1 "quintessential" plants for supporting wildlife. Willow oak is fast-growing (to 40-60') with plentiful acorns, narrow leaves turn yellow in fall.	Bd, MHP, BfHP, WL, Po	#2	$17		$
✳**Chestnut oak** *Quercus prinus*	Oaks support 513 native species of moths, butterflies, and skippers. These caterpillars are a critical food source for our nesting birds. Chestnut oak's large, sweet acorns with thin shells are a wildlife favorite. Wavy leaves turn yellow in fall.	Bd, MHP, BfHP, WL, Po	#2	$17		$

(B) SHRUBS

Plant shrubs in groups of three for best impact. Perfect in the partial shade of trees, on the edges of shrub/tree borders, as foundation plantings, and as hedges. Plant shrubs near bird feeders and bird baths to provide cover from predators.

KEY ***Plant beneficial to:*** Bd = bird, Hm = hummingbird, Bf = butterfly, BfHP = butterfly host plant, MHP = moth host plant, WL = wildlife, Po = pollinator

	Description		Size	Price per plant	Quantity	Amount
Buttonbush *Cephalanthus occidentalis*	White flowers in round ball-like heads, blooms in mid-summer, medium size, prefers a moist site, perfect near a drain spout, terrific Bf nectar source! 3-8'	Bd, MHP, Bf, BfHP, WL, Po	#1	$13 (3 for $36)		$
Sweet pepperbush *Clethra alnifolia*	Sweet-scented white flowers in long racemes, very important nectar source for Bfs with its June-July bloom-time, great alternative to butterfly bush, 3-8'	Bd, MHP, Bf, BfHP, Po	#2	$17 (3 for $48)		$
Silky dogwood *Cornus amomum*	Multi-stemmed shrub, grows as wide as tall, reddish branches, creamy white flower clusters in June attract pollinators, small blue berries, 4-8'	Bd, MHP, Bf, BfHP, WL, Po	#2	$17 (3 for $48)		$
Gray dogwood *Cornus racemosa*	Multiple stems green to reddish brown, white flowers in clusters, bluish fruit sought after by birds, provides good nesting habitat, 6-10'	Bd, MHP, Bf, WL, Po	#2	$17 (3 for $48)		$
Red-twig dogwood *Cornus sericea*	Small shrub, white flowers in upright flat-topped clusters late May-mid-July, white berries, brilliant red stems – a knockout in all seasons, 3-8'	Bd, MHP, BfHP, WL, Po	#2	$17 (3 for $48)		$
Witch hazel *Hamamelis virginiana*	Fragrant, yellow strap-shaped flowers bloom November-December (!). Roundish, simple, 3-5" leaves, attractive in spring & summer, turn bright yellow in fall, 10-15'	MHP, WL, Po	#2	$17 (3 for $48)		$
Inkberry holly *Ilex glabra*	Shiny, small, deep-green leaves provide shelter for birds year-round, thorn-free and evergreen, small white flowers, black berries persist into winter, dioecious, 3-6'	Bd, MHP, BfHP, WL, Po	#1	$13 (3 for $36)		$

(continued on following page)

KEY ***Plant beneficial to:*** Bd = bird, Hm = hummingbird, Bf = butterfly, BfHP = butterfly host plant, MHP = moth host plant, WL = wildlife, Po = pollinator

	Description		Size	Price per plant	Quantity	Amount
Winterberry holly *Ilex laevigata*	Medium size, deciduous, multi-stemmed shrub, birds feed on bright red berries clustered on twigs and persist into winter (very ornamental!), dioecious, 5-9′	Bd, MHP, WL, Po	#1	$13 (3 for $36)		$
✳**Virginia sweetspire** *Itea virginica*	Small shrub, dark green leaves contrast with arching racemes of white, spring flowers. Leaves turn bright red-purple in the fall: stunning! 4-6′	Bd, Bf, WL, Po	#2	$17 (3 for $48)		$
Spicebush *Lindera benzoin*	Broad-leaved understory shrub, bright yellow flowers in early spring, yellow fall foliage, scarlet fruit, preferred host plant for spicebush swallowtail, dioecious, 6-10′	Bd, MHP, BfHP, WL, Po	#2	$17 (3 for $48)		$
Red chokecherry "Brilliantisima" *Photinia pyrifolia*	White rose-like flowers in flat-topped clusters appear in late April, important nectar source for Bfs, lustrous green leaves turn bright scarlet, attractive red fruit, 5-10′	Bd, MHP, Bf, BfHP, WL, Po	#3	$24		$
Ninebark *Physocarpus opulifolius*	White-pinkish, 5-petaled flowers in clusters mid-May to mid-June. Member of the rose family; good pollinator shrub, dense branches provide cover for birds, 3-8′	Bd, Po	#3	$24		$
Arrowwood viburnum *Viburnum dentatum*	Rounded, opposite, toothed, deep-green leaves turn dark bronze to red, showy white flowers in upright clusters, dark blue fruits, salt-tolerant, 5-10′	Bd, MHP, Bf, BfHP, WL, Po	#1	$13 (3 for $36)		$
✳**Cranberry viburnum** *Viburnum trilobum*	Small shrub, creamy June flowers in flat-topped clusters, edible, attractive bright red fruits, three-lobed leaves turn pink-purple. 4-6′	Bd, Bf, Po, WL	#1	$13 (3 for $36)		$
Most shrubs prefer a mix of sun and shade, but the following native shrubs prefer more sun. Tuck them into your perennial garden, next to your driveway, or into any sunny spot in your yard. Water well the first year.						
Groundsel bush *Baccharis halimifolia*	Coastal, multi-stemmed shrub, gray-green, semi-evergreen leaves, especially pretty when white, cottony seeds appear in September, salt water tolerant, dioecious, 3-10′	Bd, Bf, WL, Po	#2	$17 (3 for $48)		$
New Jersey tea *Ceanothus americanus*	Small, much sought-after shrub, showy white flowers, attractive to butterflies, does well in poor, dry soils, HP for summer azure, grows slowly to 2-3′	Bd, Bf, BfHP, Po	#2	$17 (3 for $48)		$
Wax myrtle *Morella cerifera*	Evergreen shrub, more southern than bayberry but does fine in our area, whitish waxy berries an important food source for migrating birds, salt water tolerant, dioecious, 5-15′	Bd, BfHP, WL	#1	$13 (3 for $36)		$
Northern bayberry *Morella pensylvanica*	Bushy, nitrogen-fixing fragrant shrub, waxy berries a very important food source for winter birds, semi-evergreen, salt-water tolerant, dioecious, 4-6′	Bd, MHP, BfHP, WL, Po	#1	$13 (3 for $36)		$
Beach plum *Prunus maritima*	Medium sized, multi-stemmed shrub, covered with masses of white flowers in Apr, dark purple cherry-sized fruit ripens in the fall. Great early-season pollinator shrub.	Bd, Bf, Po, WL	#2	$17 (3 for $48)		$
✳**Virginia rose** *Rosa virginiana*	Small, bushy shrub, smooth, glossy leaves, showy pink flowers singly or in small clusters, scarlet rose hips provide food for birds and wildlife.	Bd, Po, WL	#1	$13 (3 for $36)		$

Available again this year at the U.U.C.S.J.S. Native Plant Swap on Saturday, May 10, 2014 from 9-2:

Genuine Birdhouses for 4 cavity-nesting native bird species—$25/ea.

- Eastern bluebird
- Tree swallow
- Carolina chickadee
- Tufted titmouse

These birdhouses are built to last! Available on a first come, first served basis.

Most "birdhouses" offered for sale are decorative, unsafe, and cheaply made. We are offering birdhouses actually designed for birds and made to exact specifications by a local craftsman and New Jersey Bluebird Society volunteer!

(continued on following page)

(C) PERENNIALS

Perennial flowers and groundcovers provide pollen, nectar, or leaf food for butterflies, moths, other native insects, birds, and other wildlife. Several listed below are also essential butterfly host plants. Plant perennials in groups of three (3) or more to maximize environmental value.

✳ = **NEW THIS YEAR!**

Description		Size	Price per plant	Quantity	Amount
Woodland Garden Gems: Tiarella, columbine, fringed bleeding heart, celandine poppy, green & gold, wild ginger, and Christmas fern are all perfect candidates for shaded locations in tree/shrub borders. These gorgeous spring bloomers will provide important nectar and pollen for early season pollinators while naturalizing by spreading and self-seeding, and so increasing your native wildflower understory with each coming year.					
Wild columbine *Aquilegia canadense*	Showy, nodding, scarlet flowers with yellow center, pollinated by hummingbirds in late spring.	Qt	$6.00 (3 for $16)		$
Wild ginger *Asarum canadensis*	Much sought-after, low ground cover, furry heart-shapped leaves, urn-shaped purple-brown flower. Added bonus: spreads to form a rich carpet. 4-8"	Qt	$8.00 (3 for $22)		$
✳**Green-and-gold** *Chrysogonum virginianum*	Superb groundcover! Golden yellow 1" daisies in spring through early summer, forms dense dark green mats.	Qt	$6.00 (3 for $16)		$
✳**Fringed bleeding heart** *Dicentra eximia*	Arching staks hold deep pink heart-shapped flowers, attractive, highly-dissected, blue-green foliage.	Qt	$8.00 (3 for $22)		$
Celandine poppy *Stylophorum diiphyllum*	Large, 1½-2" wide, showy yellow flowers highlight the springtime woodland garden, deeply lobed & divided leaves, 1-1½'	Qt	$8.00 (3 for $22)		$
✳**Foamflower** *Tiarella cordifolia*	Masses of star-shaped white flowers held on 4-10" long stalks above attractive, heart-shaped leaves. Spreads readily (yes!!).	Qt	$8.00 (3 for $22)		$
Christmas fern *Polystichum acrostichoides*	Easy-to-grow, clump-forming, native fern does not require wet conditions, retains green color year-round, prefers shade/part-shade, 2'	#1	$10.00		$
Nectar & Pollen Plants for Sun (or sun/part shade): Landscaping on a small piece of property? Consider swamp milkweed, blue wild indigo, zig-zag and bluestem goldenrod, Joe-Pye weed, and coral honeysuckle, which do "double duty" as butterfly and moth host plants as well as providing excellent sources of nectar and pollen. Many perennials, flowers, and grasses also provide seeds for birds and other wildlife.					
Swamp milkweed *Asclepias incarnata*	Showy pink flowers in umbels attract hairstreaks and skippers, host plant for monarchs, June-July, 2-6'	Qt	$6.00 (3 for $16)		$
Butterfly weed *Asclepias tuberosa*	Showy, bright orange flowers, terrific nectar plant for many different species of butterflies, HP for monarchs, sun, dry soil, 1-2'	#1	$8.00 (3 for $22)		$
Wild blue indigo *Baptisia australis*	Lovely, indigo-blue, pea-like flowers in loose racemes, attractive blue-black seedpods, forms 3' w x 3' h clump, HP for frosted elfin butterfly	#1	$8.00 (3 for $22)		$
✳**Boltonia (False aster)** *Boltonia asteroides*	Masses of 1" daisy-like white flowers bloom in fall, good butterfly and pollinator plant. 3-4' high	Qt	$6.00 (3 for $16)		$
✳**Purple coneflower** *Echinacea purpurea*	Terrific nectar plant! Large, 2-4" deep, rose flower heads attract butterflies and goldfinches. A must-have!	Qt	$6.00 (3 for $16)		$
✳**Joe-Pye weed** "Little Joe" *Eupatorium dubium*	Small, pinkish-purple flowers in large clusters held on 3-4' high stems. Blooms late summer and fall, insect magnet!	#1	$8.00 (3 for $22)		$
✳**Liatris (Blazing star)** *Liatris spicata*	2-4' high spikes packed with hundreds of pinkish-purple flowers. A top nectar and pollen plant!	#1	$8.00 (3 for $22)		$
Foxglove beardtongue *Penstemon digitalis*	Trumpet-shaped white or purple-tinged flowers arranged in a terminal cluster, bloom in July, to 3'	Qt	$6.00 (3 for $16)		$
Bluestem goldenrod *Solidago caesia*	Dark green leaves, bright yellow axillary flowers & arching stems, brightens up the fall landscape, prefers partially-shaded understory, 1-3'	Qt	$6.00 (3 for $16)		$

(continued on following page)

Description		Size	Price per plant	Quantity	Amount
Nectar & Pollen Plants for Sun (or sun/part shade): *(cont.)*					
✳**Zig-zag goldenrod** *Solidago flexicaulis*	Goldenrods support 115 species of butterflies and moths. Zig-zag's flowers grow in clusters in the leaf axils. Lovely!	#1	$8.00 (3 for $22)		$
✳**Pink muhley grass** *Muhlenbergia capillaris*	Clump-forming native grass with dark green leaves, violet-pink cloud-like flowers in late summer, looks good in winter too, 2'	Qt	$6.00 (3 for $16)		$
✳**Little bluestem** *Schizachyrium scoparium*	Attractive, narrow foot-long, bluish-green leaves turn bronze-orange in winter. Butterfly host plant.	Qt	$6.00 (3 for $16)		$
Coral honeysuckle (vine) *Lonicera sempervirens*	Easy-to-grow, non-invasive, exceptionally long-blooming vine, scarlet, trumpet-shaped flowers are a hummingbird magnet; moth HP, too. A must-have!	#1	$10.00		$
Plants for Moist Sites: Plant cardinal flower, white turtlehead, blue flag iris, sensitive fern, Virginia sweetspire, golden alexander, and buttonbush next to a pond, in a rain garden, or where gutters, driveway, or other hardscaping creates water runoff. These stunning native plants will help sequester water while attracting and benefitting hummingbirds and butterflies.					
✳**White turtlehead** *Chelone glabra*	White, 1" long flowers with upper lip arching over lower lip. Dark-green, lance-shaped leaves, 1-3' high.	Qt	$6.00 (3 for $16)		$
✳**Blue flag iris** *Iris versicolor*	4" wide, blue flowers with a yellow center. Long, narrow leaves are 2' high. Forms clumps which are easy to divide.	#1	$8.00 (3 for $22)		$
✳**Sensitive fern** *Onoclea sensibilis*	Lovely pale green fern, easy to grow on moist sites where it will spread, 2-3' tall, fertile frond persists through winter.	#1	$10.00		$
✳**Cardinal flower** *Lobelia cardinalis*	Breathtaking, bright scarlet tubular flowers attract hummingbirds and butterflies in July & August, 3' high.	Qt	$6.00 (3 for $16)		$
Golden alexander *Zizia aurea*	Very small, bright yellow flowers in 3" umbels. HP for black swallowtail butterfly. Self-seeds (nice!), 1-3' high.	#1	$8.00 (3 for $22)		$

Cardinal flower *Lobelia cardinalis*

This event is held in conjunction with our 6th Annual
U.U.C.S.J.S. NATIVE PLANT SWAP on Saturday, May 10, 2014
